# Horoscope Charts

## Lagna Chart(Birth Chart)

Ascendant or Lagna, is the degree of the sign which is rising on the eastern horizon at the time of birth. The Lagna is the most influential and important sign within the natal or lagna chart. This sign will be considered the first house of the horoscope, and the enumeration of the other houses follows in sequence through the rest of the signs of the zodiac. In this way, the Lagna does not only delineate the rising sign, but also all the other houses in the chart.

## Moon Chart

Moon Chart is an important tool of prediction and the results of planetary combinations are more prominent when the yogas or certain combinations happen in both Moon and Lagna Chart.

## Navmansha Chart(D9)

Navmansha Chart is the most important divisional chart, Navmansha means nine part of a particular Rashi in which each Amsa consists of 3 degrees and 20 minutes.

## What is manglik dosha?

In the boy or the girls horoscope when Mars, Sun, Saturn, Rahu Or Ketu is in ascendant, fourth house, seventh house, eighth house or twelfth house then it is called Manglik dosh.

Manglik dosh is considered stronger when Mars is placed in the ascendant than when Mars is conjoined with Moon in ascendant. If according to the Shastras the Manglik dosh of both the boy and the girl is getting cancelled then they are guaranteed a happily married life.

# Sadhesati Analysis - I

## What is Sadhesati dosha?

Sadhe Sati refers to the seven-and-a-half year period in which Saturn moves through three signs, the moon sign, one before the moon and the one after it. Sadhe Sati starts when Saturn (Shani) enters the 12th sign from the birth Moon sign and ends when Saturn leaves 2nd sign from the birth Moon sign.

Since Saturn approximately takes around two and half years to transit a sign which is called Shani's dhaiya it takes around seven and half year to transit three signs and that is why it is known as Sadhe Sati. Generally Sade-Sati comes thrice in a horoscope in the life time - first in childhood, second in youth & third in old-age.

First Sade-Sati has effect on education & parents. Second Sade-Sati has effect on profession, finance & family. The last one affects health more than anything else.

देहं रूपं च ज्ञानं च वणरं चैव बलाबलम्।  
सुखं दुःखं स्वभावञ्च लग्नभाविन्नूरीक्षयेत्॥

People with Scorpio rising tend to be secretive, deep, withdrawn, mysterious, regenerate or degenerate, reserved, hard to understand, courageous, willful, persistent, stubborn in thought, creative, self-reliant, self-controlled (except perhaps with the passions), and silent.

According to the spiritual astrologer Isabel Hickey, no unevolved soul is born with Scorpio rising. This is a powerhouse rising sign.

“ It represents the battleground where the higher and lower selves must come to mortal combat. They must be aligned and the lower self eventually must die and give way to and obey the higher self, the God within.

Physical, emotional, mental and spiritual levels are all involved. You appear calm on the surface, but you can be extremely emotional inside. “Still waters run deep”, as they say. You tend to be the silent type, always wanting to know others’ motivations, but never disclosing your own.

You love to play the detective or the ferret. You have to know everything, all the how’s and why’s. You have great determination and strength, enough to overcome any adversary, even yourself.

“ You need to overcome resentment, possessiveness and jealousy. There may be a fascination, preoccupation, interest and/or ability with the occult, death, sex or healing.

You can be a devil or an angel, the eagle or the stinging scorpion. Spiritual lesson to learn:

Forgiveness. Mars and Pluto rule Scorpio so Mars and Pluto will be important in your chart.

## Sun is Benefic in your horoscope

### Sun is in your horoscope in Tenth House

You may have a desire to attain success and power for the benefit of others or to seek success and power for yourself without thought of anyone else.

“ You want to shine and be recognized for your accomplishments.

You want to be really good at something. There is strong motivation towards succeeding in a career and/or personal achievements. You have the ability to inspire others through your example. You are ambitious and self-aggrandizement is possible. People in high places can help or hinder your career.

## Sun is in your horoscope in Leo sign

Leos are dignified, courageous, affectionate, powerful, generous, playful, optimistic, ambitious, loyal, and cheerful. On the negative side, though, they can be quite demanding, intolerant, domineering, lazy, closed-minded, and self-centered. They choose to do things that give them wide scope for creativity, organizing, and leadership. Although appearing strong on the outside, most Leos are inwardly sensitive and their feelings are easily hurt. When this occurs, they can turn on the object of their affection, when their pride is hurt.

“ Leos have a decided flair for the dramatic and they enjoy telling stories, being the center of attention, having a good time, and running the show. Mean and cruel acts are generally beneath them, but they do not hesitate to use force when needed. No matter what their actions, they always have the belief that whatever they do is for the other person’s benefit.

If a Leo is angered, he immediately goes into his kingly role, “mounting his throne” and quickly putting the opposition or challenger in their proper place. Leos literally roar at people when they are angry. But once their tirade is over, they forgive and forget and never hold a grudge.

At their best, Leos are affectionate, cheerful, optimistic people who can be counted on to bring sunshine into other people’s lives. They are exceptionally generous. Money appears to slip through their fingers as if it were grains of sand. And, like the sand, they have no idea where it has gone.

“ Leos usually have vitality and good health, with strong recuperative powers. When they are ill, they have a tendency to run high fevers. They are seldom depressed, but when they are, they are devastated. Fortunately, their resilient powers are excellent, so they are soon sunny and happy again, unless their heart has been broken. That is the one thing a Leo has difficulty in overcoming. This can actually lead to physical troubles with their own heart.

Leos need to admire their marriage partner. If they don’t, the marriage may not last very long. In the end, Leos need to feel appreciated.
